*Workers, peasants, soldiers, youth and school students!*

*Oppressed and exploited fellow-countrymen!*

*Sisters and brothers! Comrades!*

Imperialist contradictions were the cause of the 1914-1918 World War. After this horrible slaughter. The world was divided into two camps: one is the revolutionary camp which includes the oppressed colonial peoples and the exploited working class throughout the world. Its vanguard is the Soviet Union. The other is the counter-revolutionary camp of international capitalism and imperialism, whose general staff is the League of Nations.

That war resulted in untold loss of life and property for the peoples. French imperialism was the hardest hit. Therefore, in order to restore the forces of capitalism in France, the French imperialists have resorted to every perfidious scheme to intensify capitalist exploitation in Indochina. They have built new factories to exploit the workers by paying them starvation wages. They have plundered the peasants' land to establish plantations and drive them to destitution. They have levied new heavy taxes. They have forced our people to buy government bonds. In short, they have driven our people to utter misery. They have increased their military forces, firstly to strangle the Vietnamese revolution; secondly to prepare for a new imperialist war in the Pacific aimed at conquering new colonies; thirdly to suppress the Chinese revolution; and fourthly to attack the Soviet Union because she helps the oppressed nations and the exploited working class to wage revolution.

World War Two will break out. When it does the French imperialists will certainly drive our people to an even more horrible slaughter. If we let them prepare for this war, oppose the Chinese revolution and attack the Soviet Union, if we allow them to stifle the Vietnamese revolution. This is tantamount to letting them wipe our race off the surface of the earth and drown our nation in the Pacific.

However, the French imperialists' barbarous oppression and ruthless exploitation have awakened our compatriots, who have all realized that revolution is the only road to survival and that without it they will die a slow death. This is why the revolutionary movement has grown stronger with each passing day: the workers refuse to work, the peasants demand land, the students go on strike, the traders stop doing business. Everywhere the masses have risen to oppose the French imperialists.

The revolution has made the French imperialists tremble with fear. On the one hand, they use the feudalists and comprador bourgeoisie to oppress and exploit our people. On the other, they terrorize, arrest, jail, deport and kill a great number of Vietnamese revolutionaries. If the French imperialists think that they can suppress the Vietnamese revolution by means of terror, they are grossly mistaken. For one thing, the Vietnamese revolution is not isolated but enjoys the assistance of the world proletariat in general and that of the French working class in particular. Secondly, it is precisely at the very time when the French imperialists are

frenziedly carrying out terrorist acts that the Vietnamese Communists, formerly working separately, have united into a single party, the Indochinese Communist Party, to lead the revolutionary struggle of our entire people.

*Workers, peasants, soldiers, youth, school students!*  
*Oppressed and exploited fellow-countrymen!*

The Indochinese Communist Party has been founded. It is the Party of the working class. It will help the proletariat lead the revolution waged for the sake of all oppressed and exploited people. From now on we must join the Party, help it and follow it in order to implement the following slogans:

1. To overthrow French imperialism and Vietnamese feudalism and reactionary bourgeoisie;
2. To make Indochina completely independent;
3. To establish a worker-peasant-soldier government;
4. To confiscate the banks and other enterprises belonging to the imperialists and put them under the control of the worker-peasant-soldier government;
5. To confiscate all the plantations and property belonging to the imperialists and the Vietnamese reactionary bourgeoisie and distribute them to the poor peasants;
6. To implement the 8-hour working day;
7. To abolish the forced buying of government bonds, the poll-tax and all unjust taxes hitting the poor;
8. To bring democratic freedoms to the masses;
9. To dispense education to all the people;
10. To realize equality between man and woman.
